CPDraftNDesignLLC - Chris Pitarra - 443-992-3756

“As the owner/operator of CPDraftNDesignLLC, I have created a recycled naturally-made beauty. I’m fabricating custom metal planters, which offer multiple possibilities to add an authentic sculpture to your garden: planters with flowers, a water feature, and/or a fire pit. These planters come with drain holes and protective sealant that will last for an extended period of time. Outside of purchasing the “One of a kind” metal container ... I offer delivery, design/install services, as well as renting them for an event.”
